| WAIVER REQUEST | |
|---|--|
| State request and describe condition to be waived (attach documents, maps and photos as necessary): <input checked="" type="checkbox"/> Attachments | |
| Requesting waiver of runway width for ultralight only airport. Current width is 65', as opposed to regulation 100'. Request is for formal waiver stating runway of 65' is acceptable to the Bureau. | |
| Explain why criterion cannot be met: Land is rented. Owner has been asked about increasing width of runway, but would prefer not to since it would mean giving up more valuable farm land. | |
| List all actions taken to alleviate non-standard condition (attach additional sheets and documentation as necessary): Field is marked in accordance with regulations. Approach from the south is totally unobstructed. Approach from the north is obstructed by corn, in season, but threshold is displaced. Aircraft operated from the airport is a Kolb FireFly with a wingspan of only 22', about 1/3 of the existing width. Flying only occurs in low wind conditions, reducing the need for significant drift during takeoff and landing. | |
| List Type Approach (each rwy): 10 <input checked="" type="checkbox"/> Visual <input type="checkbox"/> NPI <input type="checkbox"/> PIR 28 <input checked="" type="checkbox"/> Visual <input type="checkbox"/> NPI <input type="checkbox"/> PIR | Public Airports Only: Municipality in which located: _____ Airport Hazard Zoning Enacted: <input type="checkbox"/> Yes <input type="checkbox"/> No |
