

Pocono Mountains Municipal Airport (MPO) is a general aviation airport located two miles northwest of Mount Pocono and approximately 25 miles southeast of Scranton. Owned by the Pocono Mountains Municipal Airport Authority, the airport caters to a wide range of aviation needs. From visitors coming for the local tourist attractions to business owners using the airport to facilitate business meetings, the airport plays a valuable role in the region. The airport is home to Moyer Aviation, the on-site fixed base operator (FBO), which offers a variety of services ranging from air charter to air tours. Hi-tech Helicopters is also based at the airport and offers flight training and other related services. The airport also helps the local community by hosting fly-in breakfast fundraisers and an Aviation Day event. This wide variety of aviation activity means that the airport generates considerable economic activity and is a vital element of the local community.

This airport is classified as a Advanced Airport in Pennsylvania's State Aviation System Plan and is eligible to receive federal funding from the FAA.

Economic Impact Categories

 **Employment:**
The total number of persons employed that are associated with business revenues and payroll, regardless of whether they are full-time or part-time.

 **Payroll:**
Total employment compensation including wages and other benefits (e.g., health care insurance payments, retirement contributions, etc.)

 **Output:**
Includes expenditures needed to administer airports, sales of goods and services by airport tenants, budget expenditures by public sector agencies located on airports, cost of capital expenditures, visitor spending in Pennsylvania's hospitality-related sectors, and sales enabled by air cargo services. This is also referred to as "business revenues" or sales.

Direct Impacts: Initial impacts that occur on- and off-airport, such as airport operations, construction, airport tenants, visitor spending, and more.

Multiplier Impacts: Includes "indirect" and "induced" impacts generated when portions of direct revenues are used to purchase goods and services from PA businesses and when workers re-spend their income in the state.

Total Statewide Aviation Impacts

The statewide economic impact of Pennsylvania's airports consists of two major categories: On-Airport Activity and Off-Airport Activity. Together, they account for approximately **\$34.2 billion in economic impact for Pennsylvania.**

**\$34.1
BILLION**
