

PennDOT Immediate Job Opportunities

PennDOT has an immediate need of at least one vacancy for the job titles listed below; some job titles have multiple vacancies. Instructions on how to apply are listed with each job title as they can differ. If you have any questions about a specific posting, please contact the Bureau of Human Resources at 717.787.1103. PennDOT is proud to be an equal opportunity employer promoting workforce diversity.

Regional Traffic Management Center Operator

PennDOT is in need of a **Regional Traffic Management Center Operator** for a permanent position in **Lehigh County**.

Regional Traffic Management Center Operators:

Monitor, evaluate, and disseminate information concerning emergency and non-emergency traffic conditions and incidents; operate cameras to confirm and identify traffic events; verify incidents with appropriate authorities and dispatch information over two-way radios and telephone units; evaluate and recommend modified traffic routes or other actions; enter information into computer systems such as the Road Condition Reporting System and Operate Intelligent Transportation Systems equipment; and, dispatch Freeway Service Patrols and coordinate traffic assistance with Pennsylvania Department of Transportation personnel and other incident and emergency agencies.

Annual Salary Range: \$36,342-\$54,748

Minimum Requirements

Regional Traffic Management Center Operator (10850)

One year of experience evaluating and coordinating information related to traffic data, incidents, or conditions.

To Apply

Visit the State Civil Service Commission website at www.scsc.pa.gov . The **Regional Traffic Management Center Positions** announcement number is **2016-063**, under the Law Enforcement, Investigation, and Safety section. The test announcement is open through **December 17, 2016**.

Transportation Equipment Operator A

PennDOT is in need of multiple **Transportation Equipment Operator A's** for the Winter Maintenance Program statewide. Applications are currently being accepted.

Transportation Equipment Operator A:

Operators primarily assist with snow removal and also perform other duties as assigned when not plowing.

Minimum Requirements

Applicants must have two months of experience in the operation and maintenance of single-chassis trucks with a Gross Vehicle Weight Rating between 26,000 and 32,000 pounds or any combination unit over 26,000 pounds with a tow greater than or equal to a 10,000 pound trailer; or successful completion of the Transportation Equipment Operator Trainee Program; or graduation from a Commercial Driver's License Training School; or an equivalent combination of experience and training.

Candidates must possess an active Pennsylvania Class A or B Commercial Driver's License or equivalent with the Air Brake Restriction (L) removed. Certain positions may require that the E or O restriction is removed. All employees must obtain an active Tank Vehicle Endorsement (N) within six months of employment and continuously maintain it while employed in this job, as well as obtain an active

certification issued by PennDOT in the operation of heavy trucks and loaders within the probationary period. Certain positions in this job may require employees to obtain additional certifications issued by PennDOT on assigned pieces of equipment. Certain positions in this job require employees to demonstrate successful operation of equipment with a manual transmission.

A valid Medical Examiner's Certificate must be presented before the start date and kept current while employed in the job.

To Apply

Visit the Bureau of State Employment's website at www.employment.pa.gov. Select the "Job Opportunities" link under the Non-Civil Service heading. On the next page, select "PennDOT Winter Maintenance Program." Click "Apply" to begin the application.

Driver License Examiners with a Commercial Driver's License (CDL) Needed

PennDOT is in need of **Driver License Examiners** statewide that possess a Commercial Driver's License (CDL).

Driver License Examiners evaluate applications for all classes of driver's licenses. They conduct driving performance examinations; administer visual acuity screenings; administer oral, written, or computer-assisted examinations measuring road sign and signal interpretation, safe driving practices, and knowledge of Pennsylvania motor vehicle laws, rules and regulations; verify identity; check motor vehicles for valid inspection stickers and safe operating condition; examine registrations, permits, and other related documents for validity and authenticity; and notify applicants of results and suggest improvements to those who fail.

Annual Salary Range: \$36,342-\$54,748

Necessary Special Requirements

Be at least twenty-one years old at the time of application, and possession of valid Pennsylvania Class C and M (motorcycle) Driver's Licenses. If the applicant does not possess a Class M license at the time of hire, it must be obtained within four months of hire.

Condition of Employment

No suspensions or revocations of a driver's license during the five-year period immediately preceding appointment.

Positions in the job will require possession of a current Class A Pennsylvania Commercial Driver's License with the following endorsements: P and N or X. The CDL cannot have any of the following restrictions: E, L, N, O, or Z.

Minimum Requirements

Two years of experience obtaining, evaluating, and providing information to the public.

To Apply

Visit the State Civil Service Commission website at www.scsc.pa.gov. The Driver License Center Positions announcement number is **2008-164** under the Law Enforcement, Investigation, & Safety section. For more information about the positions, please contact Rayna Lemelle at 717-772-3446 or rllemelle@pa.gov.

Diesel and Construction Equipment Mechanics Needed

PennDOT is in need of **Diesel and Construction Equipment Mechanics** for permanent employment. These positions perform a variety of maintenance and repair duties for a fleet of construction equipment and diesel powered vehicles.

Minimum Requirements

Three years of journey level mechanical experience in the diagnosis and repair of automobiles, heavy trucks, or construction equipment, which includes one year of experience in the diagnosis and repair of diesel vehicles or equipment; or an equivalent combination of experience and training.

Annual Salary Range: \$36,342-\$54,748

Conditions of Employment

Candidates must possess a Class 1 Inspection Mechanic Certification, and a valid Pennsylvania Class B Commercial Driver's License (CDL) with the Air Brake Restriction removed or equivalent. Certain positions also require possession of the Hazardous Materials (H) and/or Tank Vehicle (N) endorsements. Candidates must demonstrate successful operation of vehicles or equipment with a manual transmission.

Post Employment

Within six months of employment, possession of a Class 7 Inspection Mechanic Certification and completion of the New Mechanic Training course is required.

To Apply

Visit the Bureau of State Employment's website at www.employment.pa.gov and apply under the **Automotive/Diesel Mechanic Positions** category.

Civil Engineer Consultant (Structural) Needed

PennDOT is in need of a **Civil Engineer Consultant (Structural)** in Dauphin County.

This position performs developmental and consultative work in support of complex engineering projects involving various types of structures and facilities. Work involves developing solutions to design and/or construction problems and advising management staff on new technology and changes to existing standards. This position is responsible for advising administrative and managerial staff, design and engineering professionals, and concerned officials on contract interpretation, technical engineering data and information relating to materials, procedures, and engineering concepts and practices. Work requires considerable independent judgment.

Annual Salary Range: \$65,370-\$92,988

Minimum Requirements

Four years of professional civil engineering experience which includes three years in the appropriate specialty.

Necessary Special Requirement: Possession of a valid Professional Engineer license issued by the Pennsylvania State Registration Board for Professional Engineers, Land Surveyors and Geologists.

Condition of Employment: Certain positions will require possession of a valid driver's license.

To Apply

Visit the State Civil Service Commission website at www.scsc.pa.gov. The Civil Engineer Consultant (Structural) Position announcement number will be **2016-123** under the Engineering and Environmental Control section. *The test announcement will open October 26, 2016 through April 29, 2017.*

Bridge Engineers Needed

PennDOT has a need for **Bridge Engineers** throughout the state. Opportunities range from entry level bridge engineering work for those with limited experience in bridge and structural design or analysis-to highly experienced individuals reporting to the Assistant Chief Bridge Engineers.

Entry Level Job Titles:

Civil Engineer, Bridges
Senior Civil Engineer, Bridges
Senior Civil Engineer Supervisor, Bridges
Test Announcement Number 2007-946

Higher Level Job Titles:

Civil Engineer Manager, Bridges
Civil Engineer Consultant, Bridges
Test Announcement Number 2007-923

The higher-level Bridge Engineering positions have a salary range of \$65,370-\$92,988 and require possession of a valid Professional Engineer license issued by the Pennsylvania State Registration Board for Professional Engineers, Land Surveyors and Geologists. The starting salary is negotiable based on experience.

The Commonwealth offers a comprehensive and competitive benefits package. Incentives are also provided for employees in approved job titles who possess or obtain Professional Engineer licensures and/or Engineer-In-Training (EIT) Certificates.

To view the requirements and apply, please visit the State Civil Service Commission at www.scsc.pa.gov, click on the Job Seekers tab at the top of the page, and scroll down to the Engineering & Environmental Control Category. Then click on the applicable announcement number shown above.

Transportation Planning Specialist Trainees Needed

PennDOT is in need of Transportation Planning Specialist Trainees in Dauphin County.

These positions participate in a comprehensive 12-month on-the-job training program designed to develop technical proficiency. Training assignments will include learning to develop and monitor a schedule of transportation projects; to compile and analyze traffic and transportation data and use transportation systems such as the Geographic Information System (GIS); to review proposed legislation as it relates to projects; and to prepare written and oral reports. Initial assignments are performed under close supervision. As you gain competency, you will be given more independence and responsibility.

Annual Salary Range: \$41,135-\$62,533

If you successfully complete the 12-month training period, you will be promoted to Transportation Planning Specialist 1 with an increase in salary.

Minimum Requirements

A bachelor's degree in civil engineering, environmental engineering, electrical engineering, mathematics, statistics, planning, computer science, or geography; or an equivalent combination of experience and training.

To Apply

Visit the State Civil Service Commission website at www.scsc.pa.gov. The Transportation Planning

Specialist Trainee Positions announcement number will be **2013-044** under the Engineering and Environmental Control section.
