

Importing Your Adobe Digital Signature Certificate into Bluebeam Revu

1. Open Bluebeam Revu 2018 or 2019
2. Click on the Tools dropdown menu
3. Select Signature and then Digital IDs.... (if you have Bluebeam 2017, Signature is under the Document menu)
4. In the new window that opens click on the button with green + image
5. Keep "Browse for existing Digital ID file" selected and then click Next
6. Browse to where you saved your certificate
7. Click on your certificate (it is a .pfx file that looks like an envelope with a key on it)
8. Click the Open button
9. Enter the password you used to create your certificate
10. Click Ok
11. You should now see your digital ID in Bluebeam
12. Click Ok to close the window
