    - Mark J. Young - District Environmental Manager
    - Todd C. Crouch - Assistant District Environmental Manager

- Press Office
  - Steve Cowan - District Press Officer

Please complete survey at end of presentation
SR 0956, Section L13 Project

- The purpose of this presentation is to introduce the project to the public, gather feedback, and present the construction staging.

- The purpose of the project is to provide a sustainable crossing of SR 956 over an Unnamed Tributary to Neshannock Creek in Wilmington Township, Lawrence County.
PROPOSED PROJECT IMPROVEMENTS

- Replace existing bridge with a precast concrete box culvert
- Minor approach roadway paving to tie into new structure
- Guiderail updates, signing and pavement marking updates
- Right-of-Way will be acquired near bridge abutments
- Construction anticipated to begin fall 2020
Public outreach begins with PennDOT Connects and extends into the **NEPA** (National Environmental Policy Act) process:

- NEPA requires agencies to integrate environmental values into their decision-making processes by considering the environmental impacts of their proposed actions and reasonable alternatives to those actions.
- NEPA also includes public involvement activities and gathering feedback from the public.
