Larimer Avenue Slide Repair
SR 2065, Section A09
Wilkins Township, Allegheny County
PROJECT TEAM

- Design Division
  - Direct questions to:
  - Dan Bliss, P.E. - Project Manager at 412.429.4943 or dbliss@pa.gov.
    - Mark J. Young - District Environmental Manager
    - Nick Krobot, P.E. - Assistant District Environmental Manager

- Press Office
  - Steve Cowan - District Press Officer

Please complete survey at end of presentation
PURPOSE OF PRESENTATION & PROJECT INTRODUCTION

- SR 2065, Section A09 (Larimer Avenue) Project
  - The purpose of this presentation is to introduce the project to the public, gather feedback, and present the construction staging
  - The purpose of the project is to reestablish the roadway.
PROJECT LOCATION

Landslide
PROPOSED PROJECT IMPROVEMENTS

- The project includes a landslide located on Larimer Avenue.
  - The project will impact both lanes, spanning a length of approximately 685 ft.
  - The proposed repair is the Geotechnical treatment of pipe dowels and the application of a GRS (Geosynthetic Reinforced Soil) slope to the failed areas.
  - Roadway construction will also be applied within the failure area.

- The road will be closed and traffic will be detoured during construction. The detour will utilize Rodi Road to Business 22 to SR 376 to SR 130.
- Construction anticipated to begin late-July 2019 and be completed by November 2019.
Public outreach begins with the **NEPA** (National Environmental Policy Act) process:

- NEPA requires agencies to integrate environmental values into their decision-making processes by considering the environmental impacts of their proposed actions and reasonable alternatives to those actions
- NEPA also includes public involvement activities and gathering feedback from the public
PRELIMINARY DETOUR PLAN

APPROXIMATELY 7.5 MILE DETOURS
