Atherton Street Project Marks Completion

State College, PA – The Pennsylvania Department of Transportation (PennDOT) is alerting area drivers that all work on the mainline of the Atherton Street project in State College is complete.

PennDOT thanks drivers, area residents, bicyclists, and pedestrians for their patience and cooperation during this lengthy, challenging, and impactful project. The Atherton Street project page can be found at www.penndot.gov/AthertonStreet.

Overall work during the three-year project has included relocation of numerous utility lines, relocation of sewer and water lines, drainage improvements, curbing, sidewalks, ADA ramps, traffic signal upgrades, new concrete median, and paving.

Work on this project has been done in accordance with Centers for Disease Control and state Department of Health guidance as well as a project-specific COVID-19 safety plan. The safety plan included protocols for social distancing, use of face coverings, personal and job site cleaning protocols, management of entries to the job site and relevant training.

PennDOT reminds drivers that they can subscribe to PennDOT news in Cameron, Centre, Clearfield, Clinton, Elk, Juniata, McKean, Mifflin, and Potter counties at www.penndot.gov/District2.

PennDOT encourages drivers to “Know before they go” and to check conditions on more than 40,000 roadway miles by visiting www.511PA.com. 511PA is free, available 24 hours a day, and provides traffic delay warnings, weather forecasts, traffic speed information, and access to more than 1,000 traffic cameras.

511PA is also available through a smartphone application for iPhone and Android devices, by calling 5-1-1, or by following regional Twitter alerts accessible on the 511PA website.
