WAIVER REQUEST	
State request and describe condition to be waived (attach documents, maps and photos as necessary): <input checked="" type="checkbox"/> Attachments <span style="float: right;">(4)</span>	
<i>Condition to be waived: 200ft edge marker spacing, Runway E-W.</i>	
<i>Request waiver to use 300ft edge marker spacing, Runway E-W</i>	
Explain why criterion cannot be met: <i>Narrow airport property results in hangars, tie downs, and taxi areas being in close proximity to runway and markers. 200ft spacing interferes with access to these areas and creates a hazard. 300ft spacing greatly reduces this conflicting situation.</i>	
List all actions taken to alleviate non-standard condition (attach additional sheets and documentation as necessary): <i>Large high visibility yellow cone markers provide adequate marking at 300ft spacing.</i> <i>FAA AC 150/5300-13A allows spacing up to 400feet.</i> <i>Attachments show close proximity of hangars and tie down areas and shows high visibility of cone markers at 300ft. spacing.</i>
