**Volume 6: 11/23/2020**

## PennDOT Utility Relocation Management System is Now Live

PennDOT's URMS went live on 11/22/2020 and is now fully operational for all users:

- PennDOT District and Central Office Staff
- Utility Companies
- Consultants Assisting PennDOT and Utilities

## Register for an Account

If you haven't already registered for an account, you can do so at any time. Navigate to https://urms.penndot.gov/ and click on Register for an Account. You will need your company's federal FEIN number as part of the registration process. More detailed registration instructions are available in this video and in the URMS User Guide.

Your registration may require two levels of approval; one by your company and one by PennDOT, so don't worry if the approval takes a few hours.

## Log In to URMS

Once you have registered and been approved, you're ready to log in. Head to the URMS web address and enter your username and password.

## Verify Your Information

It's a good idea to verify and update your information after you login for the first time. See the First Login Checklist on the following pages.

## Get Additional Information

Additional Newsletters and Info Sheets are posted to the URMS Information page. Check there for the latest information related to the launch of URMS.

## Ask Questions

Do you have a question about URMS? Feel free to send an email to URMS Help at RA-PDURMSHELP@pa.gov. We will respond as quickly as possible to assist you.
