Frequently Asked Questions (FAQs)**

May 6 Industry Presentation FAQ

When will the E05081 and E05079 planned Agreements be advertised? Before or after the September shortlistings? Before or after the July SOQ due date?

It is anticipated that the planned Agreements will be advertised before the July SOQ date.

Will there be an MWBE requirement?

More details regarding program requirements and any goals for small, diverse, and disadvantaged businesses will be provided as part of the procurement documents.

How many P3 procurements are envisioned for the program?

It is intended that there will be one P3 procurement to select a single Development Entity responsible for advancing all nine bridges under the predevelopment agreement.

Where can I find all this information on the PennDOT website?

Please refer to PennDOT’s [Major Bridge P3 Program Website](#). Additional information on each of the 9 bridges included in the Program can be found at the links listed in the table below.

Who will be providing the QA/QC for the Project? Will that be a separate independent contract?

More details regarding the approach and any requirements for program QA/QC will be provided as part of the procurement documents.

Proposers will need a list of precluded Engineers ASAP as this is a major source of confusion in the market. When will this be provided?

More details regarding organizational conflicts of interest will be provided in the Request for Qualifications that will be released in June.

The speaker was inaudible for a second. What did she say about other firms / their roles?

The presentation provided high-level information regarding the potential opportunities for additional firms to become engaged in the procurement process beyond those roles required in the core teaming structure for the Statements of Qualification. For more details regarding this and other key points, please refer to a recording of the presentation posted on PennDOT's [Major Bridge P3 Program Website](#).
